Crime Prevention Tips

"Carjackings" can happen anywhere; in a parking lot, on a street or highway, or in your own driveway. Suspects focus on people who are unaware or unprepared. Whether driving, or walking to your vehicle, you can significantly increase your personal safety and reduce the risk of becoming a victim with the proper attitude. Watch your surroundings!!!

- Approach your vehicle with your key in hand;
Keep doors locked and windows up;
When stopped, leave room to maneuver and escape;
Driving in the center lane makes you a more difficult target;
Be wary of strangers approaching you and drive away when you feel threatened;
If followed, drive to a police station.
